

JDS CREATIVE ACADEMY
28069 DIAZ ROAD SUITE D, E, F TEMECULA, CA 92590

March 11, 2020

The health and safety of our staff, clients, and community are a top priority for JDS Studios, JDS Video & Media Productions Inc. / JDS Actors Studio and nonprofit JDS Creative Academy. It is very much on our minds as we face the uncertainty created by the novel coronavirus (COVID-19.) We are closely monitoring the situation and following guidance from local public health officials and the Center for Disease Control and Prevention (CDC.)

The CDC and medical authorities continue to urge the practice of simple everyday habits to help prevent viral spread: hand washing, use of at least 60% alcohol-based sanitizer, refraining from face-touching with unclean hands, disinfecting common areas and staying home when sick.

We understand that Riverside County has declared a public health emergency, however, our Southwest region is still considered low risk. Regardless, JDS Studios is undertaking additional cleanings of high touch surfaces throughout the day, and encourage our staff and participants to follow the recommended CDC guidelines on personal hygiene and wellness. Like many businesses, we continue to pay close attention to the issue and are in regular contact with local authorities so that we may respond quickly to any developments.

Currently, our studio remains open as normal, and all classes and scheduled events are moving forward as planned.

Digifest® Temecula 2020 is preparing alternate solutions for ticket holders to accommodate any and all precautions needed due to the COVID-19 outbreak.

If deemed necessary, our Digifest® Temecula event will be livestreamed, straight to your home, April 17, 18, and 19.

More details and information are forthcoming should the need arise.

Thank you,

Diane Strand
Founder, Board President
Executive Director
